Dear Elaine:

Thank you for your letter dated 21st December 2004, which I received on 4th January 2005.

Dominion Colour Corporation firmly supports the industrial development of the South Etobicoke region in the areas zoned for this purpose.

We support developments which would increase opportunities for employment and lower the tax base. This needs to be done with due care for the environment and the health and safety of the employees and the community in the area.

We assume that any potential investor in the South Etobicoke region will do so in a responsible way and will receive the necessary environmental and other regulatory approvals prior to proceeding.

We have no knowledge of what Toronto Redi-Mix is planning to do in the South Etobicoke region, nor can we provide an informed opinion on the concerns you have noted about the manufacture/processing of cement.

Sincerely,

A handwritten signature in black ink that reads 'Mike Klein'. The signature is fluid and cursive, with a long horizontal stroke at the end.
